

Before the
FEDERAL COMMUNICATIONS COMMISSION
Washington, D.C. 20554

In the Matter of

**Petition of the Connecticut Department)
of Public Utility Control for Delegated Authority)
to Implement Transitional Service Specific and)
Technology Specific Overlays)**

CC Docket No. 99-200

COMMENTS
OF
ONSTAR CORPORATION

OnStar Corporation hereby submits these comments in response to the Commission's Public Notice released May 31, 2002 in the above captioned matter.

OnStar notes that it has filed, earlier in this proceeding, an extended discussion of its services and its concerns including the belief that the nature and implementation of its services dictate that OnStar should be treated for numbering overlay matters in the same

manner as a traditional cellular service provider. OnStar incorporates those comments by reference.¹

In addition, OnStar is concerned that the requested relief in this matter is premature given the upcoming implementation of pooling which OnStar and other service providers are actively preparing to initiate later this year.

We appreciate the Commission's consideration of our views in this matter.

Respectfully submitted,

Kenneth D. Enborg
Vice President and General Counsel
248-588-3522

William L. Ball
Vice President-Public Policy
248-588-2815

1400 Stephenson Highway
Troy, MI 48083-1189
